Observation of Delivery

Planning

* Very good thorough planning as usual with relevant detail & activities in context to players ability & experiences.

Organisation

Organised the session appropriately. However, get them playing a bit quicker & observe
* Players attitude & application!
* Players understanding etc
* Rules etc. (Change if required)

Management

* Free Play will highlight the coaching pictures you want to see. Don't be afraid to intervene & develop those moments in a logical order dealing with relevant players.

Observation

* Coaching position - For best effect try to see what they can see!
Free play again to highlight next picture & check understanding.
* Game coaching method needs more structure.

Communication

* As always, 2 way communication & coaching messages appropriate. However, try to be a bit more precise with important information & reasons why to relevant players - unit - Team.
